

# Hagi City Garbage Collection Quick Reference Chart

## Tamagawa & Susa

(Accurate as of March 2020)

- Place your garbage out for collection at the designated point by **8:30 am on collection day**.
- Obey the respective collection dates and rules of your neighborhood/district.
- Write the days and dates of collection in the blank spaces for reference!

### Burnables

Every week on  &

- Burnable garbage is collected twice per week (please refer to the Garbage Collection Calendar). **It is collected even if the collection day falls on a public holiday.**
- Please dispose of burnable garbage in the municipally designated burnable garbage disposal bag.
- If you are struggling to fit an item in the designated bag, tie a **large designated burnable garbage bag** around it, or apply a **garbage collection sticker**.

Example of contents

Things around which you may need to tie a designated bag or apply a collection sticker

For things made of plastic, vinyl, rubber or leather which won't fit in the designated bag, tie a large designated bag around it or apply a collection sticker, then dispose of as **non-burnable garbage**.

### Plastic

Wrapping, Packaging & Containers

Every month on  &

- Plastic garbage is collected twice per month (please refer to the Garbage Collection Calendar). **It is collected even if the collection day falls on a public holiday.**
- Please dispose of burnable garbage in the municipally designated plastic garbage disposal bag.
- 'Plastic garbage' refers to **plastic items in which goods are contained or wrapped in**. They generally have the plastic mark below. (Some items may not have the mark due to their shape.)
- White polystyrene foam food trays and plastic PET bottles are classified as recyclable garbage.**

Separation examples:

Look out for this mark →

Plastics → **recyclables (paper)**

Plastics → **Tights → burnables**

**recyclables** Board → **(paper)**

- Do not dispose of these items as burnable garbage.**
- Do not put items within plastic bags inside the designated bag.**
- Tie or ball-up plastic bags.**
- Please place plastic items in the designated bag in such a way that they can be seen clearly.
- Please make sure to completely use up the contents and, if necessary, rinse the item before disposing.
- Please separate the caps from bottles/tubes.
- ⚠ Please be aware that not every item made of plastic is classified as plastic garbage. Toothbrushes, hangers, buckets and toys are considered burnable garbage. If in doubt, **consult the A-Z Garbage Separation and Disposal List**.

### Paper Wrapping, Packaging and Container Collection Points

- Collection Points: Hagi Secondary Recycling Center, branch offices of Hagi City Government
- Items Collected: paper and card wrapping, packaging and containers, newspapers, magazines, cardboard boxes
- Collection Time: Opening hours of the respective collection site

### Small Household Appliances Collection Points

- Collection Points: Hagi Secondary Recycling Center, branch offices of Hagi City Government
- Items Collected: small household appliances, gadgets and electronics (the box mouth size is 20 cm x 40 cm)
- Collection Time: Opening hours of the respective collection site

### Non-Burnables

Every month on  &

- Non-burnable garbage is collected once per month (please refer to the Garbage Collection Calendar).
- Please dispose of non-burnable garbage in the municipally designated non-burnable garbage disposal bag.
- If you are struggling to fit an item in the designated bag, tie a designated **non-burnable garbage bag** around it, or apply a **garbage collection sticker**.

\* ⚠ dispose of batteries as hazardous waste

### Ceramic and Glass Items

- Dispose of ceramic and glass items on the **same day as non-burnable garbage collection day**.
- Place ceramic and glass items in a bag (any kind) to dispose.
- Broken items are accepted.
- If an item as is poses a danger (e.g. sharp glass shards), wrap it in newspaper.

### Collection Not Possible

(Please contact the seller or a disposal company for handling)

### Weekend Disposal

A temporary garbage collection point is set up at **Tamagawa Recycling Center** to collect garbage once a month at the weekend **from 9:00-12:00** (dates can be found on the Garbage Collection Calendar).

- Please sort and separate your items in advance.
- Place the garbage in their respective designated bags.
- Place ceramic and glass items in a bag (any kind) to dispose. There is no handling fee for recyclable garbage.
- There is a handling fee of 100 yen/10 kg for items which are not disposed of in a designated bag or do not have a collection sticker applied.

Tamagawa Recycling Center (Tamagawa Risaikuru Sentā)  
10981-3 Shimotama, Hagi 759-3112 Tel. 08387-2-0340

### Private Disposal

It is possible to bring garbage other than burnable garbage\* by yourself to **Tamagawa Recycling Center** for disposal.

- Please sort and separate your items in advance.
- There is a handling fee of 100 yen/10 kg. There is no handling fee for recyclable garbage.

Tamagawa Recycling Center (Tamagawa Risaikuru Sentā)  
Mon, Wed & Fri 13:00-16:30 ⚠ Closed on public holidays and Obon (please refer to the Garbage Collection Calendar).

\*Burnable garbage disposal possible at Hanamoyu Hagi-Nagato Garbage Disposal Facility (Hagi-Nagato Seisō Kōjō Hanamoyu)

### Recyclables ①

- Recyclable garbage is collected once per month (please refer to the Garbage Collection Calendar).
- Please place each item in the appropriate collection crate provided at the collection point.**
- Please **remove any leftover contents and rinse** before disposal.

#### Cans

- Rinse and place in the crate. You do not need to squash it.
- There is no need to separate between aluminium, tin and steel etc.
- Use up spray cans entirely and pierce a hole in them before disposal.
- ⚠ Paint cans, spray paint cans and itokans are classified as **non-burnable garbage**.
- ⚠ Dispose of can lids (ring-pull lids etc.) and metal bottle caps as **non-burnable garbage**.

#### Glass Bottles

- Glass bottles are separated into 3 kinds: ① clear (transparent), ② brown, and ③ other colors
- Broken bottles are accepted.

#### PET Bottles

PET mark →

- Remove the cap and label film (these go in plastic garbage).
- Rinse the bottle and squash it before disposal.
- Any other plastic bottles (e.g. condiment, sauce, cooking oil, detergent, shampoo, make-up, medicine), with the exception of soy sauce bottles, are classified as **plastic garbage** unless they have the PET mark pictured above.

#### White Polystyrene Food Trays

- Remove any wrapping, labels or stickers.
- Wash before disposal. Do not fold.

### Recyclables ②

#### Used Paper & Clothing

- Make sure to separate the items into their respective kinds and bundle lengthwise and crosswise with **string**. A collection sticker is not necessary.
- Place items on the plastic sheet provided in at the collection point.
- If it is rainy or rough weather and the collection point has no overhead cover or roofing, please wait until the following month to dispose.

#### Newspaper

This includes flyers inside the newspaper.

Fold newspaper twice then bundle in stacks roughly 27 cm x 40 cm

#### Cardboard boxes

**Only corrugated cardboard** can be accepted. If it is not corrugated then dispose of as **burnable garbage**.

Bundle into stacks around 60 cm in length on each side.

#### Drink cartons

Cut open to lie flat, then wash well and dry before disposal.

If there is a silver (aluminium/foil) lining on the inside, place in the **paper wrapping, packing and containers crate**.

#### Miscellaneous paper

E.g. magazines, books, calendars, memo pads, notepads, photocopier paper, toilet paper & empty wrapping paper cardboard rolls

⚠ Telephone directory books (i.e. yellow/white pages) are not accepted.

Re misc. paper, please note:

- If there is any kind of plastic film attached to the item, please remove it.
- For file and binder folders that have metal or plastic parts, please remove said parts.
- Remove any adhesive tape stuck to the item.

#### Used clothing and towels

Clothing and towels are recyclable with the exception of undergarments (vests, underwear and tights). There is no need to remove buttons, zips or other adornments on the item.

#### Paper Wrapping, Packaging & Containers

- Wash and dry and paper cups and cartons before disposal.
- Remove any plastic parts from empty boxes and cases.
- Place these items in the paper wrapping, packaging and containers crate provided on recyclable garbage collection day.

Look out for this mark →

#### Hazardous Waste

- Place items in a bag (any kind) to dispose.
- Lightbulbs, mini-bulbs and other electric lights/lamps are classified as **non-burnable garbage**.
- Consult the A-Z Garbage Separation and Disposal List for details.
